

## Steps for Safely Showing Properties | COVID-19

- Provide a monitored sanitation station complete with gloves, booties, sanitizer, and a trash can to place the used articles in.
- Request that only pre-approved buyers are scheduled and request they tour the outside of the property first and the inside only if still interested.
- Please Do NOT enter if you feel ill in any way.
- Remove shoes outside of the home.
- Wear protective gloves or masks if possible.
- Please sanitize your hands before and after entering.
- We have asked our sellers to turn on lights & open doors to bedrooms and closets to help avoid spreading germs. The seller will also sanitize in between showings.
- Please refrain from touching surfaces. Please do not open refrigerators or kitchen cabinets, please do not touch kitchen countertops.
- Do not touch cabinet or door handles.
- RESTROOM POLICY: Please do NOT use the restroom while touring.
- No more than two people viewing at a time. Please continue to practice social distancing.
- Please limit your time in the home to 20 minutes.
- The owners may or may not be able to vacate during showings due to local jurisdiction orders but will allow privacy for your showing.
